Flights of Flavour

A Crimson × PLUME Collaboration

Take flight on a journey of taste and imagination with Flights of Flavour, a special collection of bird-inspired cocktails and mocktails curated by PLUME and Crimson Restaurant.

Nested within the grand atrium of the hotel, PLUME is a destination cocktail bar at the Pan Pacific Singapore.

Inspired by the colourful birds of Singapore, guests descend upon a flock of meticulously crafted cocktails employing ingredients and techniques that are at times exotic and occasionally familiar. The menu is accentuated with one-of-a-kind concoctions that reflects the details of these wonderful feathered friends from the tone of the plumage, habitat to the seeds and fruits that nourish them.
