

River
Safari

The logo features the words "River" and "Safari" stacked vertically in a bold, brush script font. The letters are a vibrant teal color with a white outline and a drop shadow, giving it a sticker-like appearance. The word "Safari" is particularly stylized, with a large, looping 'a' and a 'r' that extends into a wide, wavy underline. The entire logo is set against a light blue background.

When I arrive, I will see the entrance to River Safari.

I need to give my ticket to the staff before I enter River Safari.

The staff have a name-tag and a River Safari logo on their shirts.

There are also keepers at River Safari.
They wear brown shirts.

There are also divers at River Safari.
They have special equipment.
They swim in the tanks.

I may see presenters at River Safari. They use a microphone. You may find the presentations loud.

I will see many people if it is a busy day.

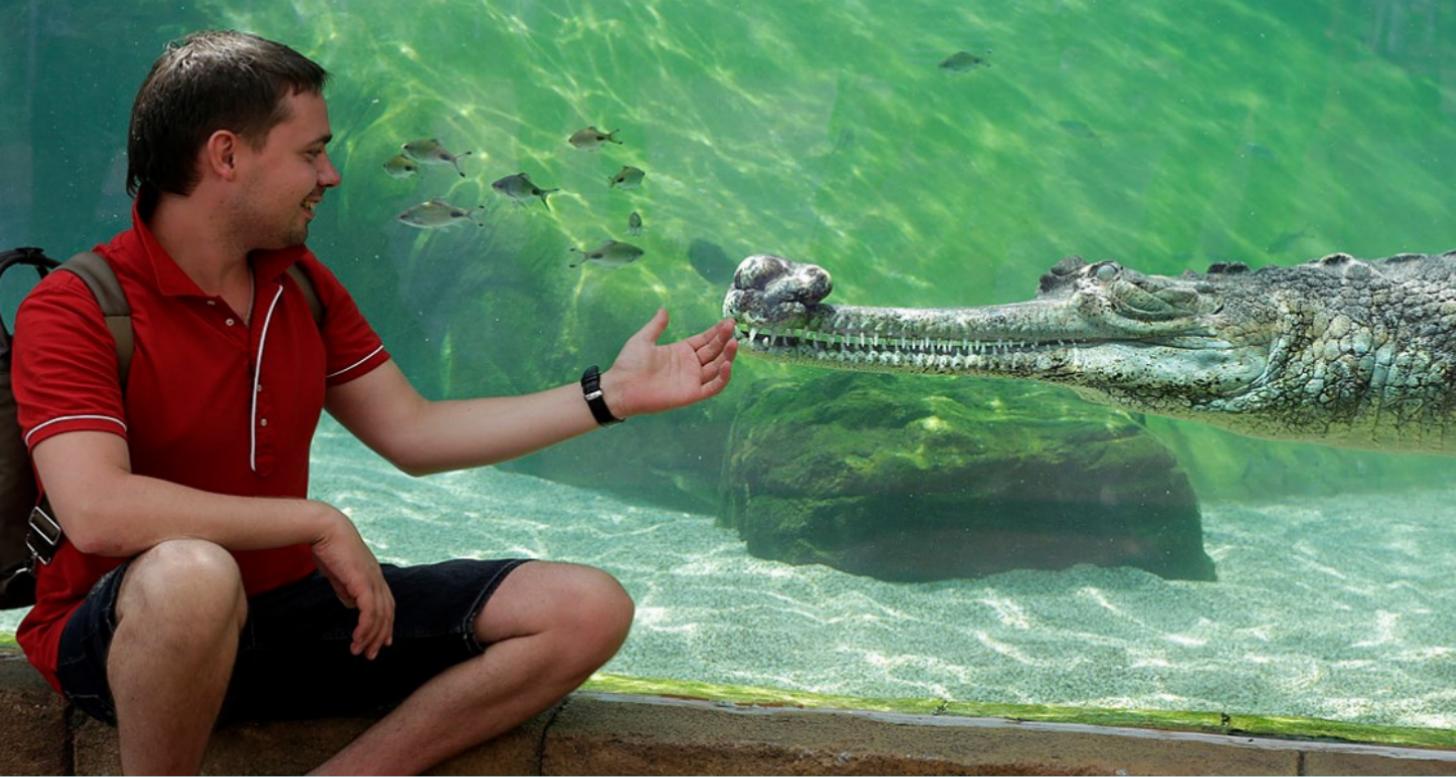

I can speak with my soft voice
and walk with my quiet feet.

I will see many animals at
River Safari.

Animals in front of me.

Animals above
me.

*River
Safari*

Animals around me.

Sometimes, the animal is not there for me to see.

I know I am safe because the animals are behind a glass.

I can touch the glass with my gentle hands.

I can press buttons that
make animal sounds.

There is a show at River Safari. Presenters use a microphone. You may find the presentations loud.

I will see cruise boats in
River Safari.

There are dark areas in River Safari. I will walk slowly.

River Safari might be busy and noisy
but there are quiet places to go to.

When it is time to go home, I will go back to the entrance.
